GALA DAY FOR A FLYING WIND-UP

Aviators Go for Special Purse of $10,000 in Added Events.

MOISANT GIVEN THE BIG PRIZE

His Trip Around Liberty Statue Stands as the Final Attempt.

BULLETIN.

Belmont Park, Oct. 31.—Moissant, the Chicago aviator, flying the Blerlot in which he captured the statue of liberty prize today, won the Aero club of Americans distance prize of $2,000. In two hours he made the course fifty-six times, a total of about 87½ miles.

Belmont Park, N. Y., Oct. 31.—Just two minutes after the opening bomb cracked today at the special meeting arranged to close the international aviation meet Moisant, the daring Chicago aviator, winner of yesterday's statue of liberty flight, shot up in the air from the end of the field in his monoplane in an attempt to win a prize in the Aero Club of America distance event.

A few minutes later Mars and Simon shot up out of their hangars and began chasing after Moissant. Mars was obliged to come down after a few laps, presumably with engine trouble.

Simon and Moisant were then the only ones in the air passing the grand stand nip and tuck. After they had gone six laps Simon descended, leaving the Chicago man alone on the course. He cut down his speed somewhat and circled the pylons gracefully. At 2 o'clock he had done fourteen laps of the course.

On the sixteenth lap Moissant was flagged and his official time for the sixteen laps was given as 28:47.4.

Moisant was taken to the judges' stand in an automobile and it was announced that Simon had protested that Moisant fouled him when they were passing the grand stand and that it forced him to descend.

Latham meanwhile had repaired his engine and was again in the race. Simon was also again in the air.

It was announced that Moisat would be followed to enter the race again but that he would be penalized three laps. He again rose from the field and was soon racing along only a few feet above the grand stand determined not to be in any one's way again.

Conditions Were Good.

Indications were favorable this morning for excellent flying conditions on the final day of the international meet here. The wind was very light from the southwest, and with little indications of strengthening. The air, however, was the coldest of the meet. The coldness militated against the altitude flights.

Lyttleton Fox, a member of the aviation committee said this morning the meet here was officially ended last night. All totalizations will be counted to last night and the program for today will be for moneys which were found for another day's events.

Several of the aviators have declared their intention to go from here to the Baltimore meet. Among those who will depart on the special train tonight are J. E. Drexel, J. J. Frisbie, Hubert Latham, Glenn Curtiss and the Wright brothers. The train will take the machines direct to the Baltimore track.

Moisant Hailed Winner.

John B. Moisant, the American aviator, was hailed here today as winner of the great flight yesterday to the Statue of Liberty in New York harbor and return for the $10,000 prize offered by Thomas Fortune Ryan. In one of the most thrilling races in the history of aviation Moisant defeated his rivals, Count Jacques de Lesseps, the Frenchman, and Calude Grahame-White, the English winner of the James Gordon Bennett cup Saturday, easily distancing the former but defeating the latter by only 43 seconds.

This margin sufficient although it was thought until the early hours today that the American had not clinched his victory as it was understood the race was still open for competition today. The Aero Club of America, however, sustained Moisant's protest against further competition, ruling the meet as originally scheduled closed with yesterday's events, today being an extra or added day.

Moisant won in the elapsed time of 54:38:54: Grahame-White second in 55:21:50: De Lesseps third in 41:56:25.

Gala Day Program.

For the gala day program today $10,000 worth of special prizes were offered. The Aero club distance event was the first, lasting two hours this afternoon, the winner to get $2,000, second $1,000 and third $500.

A special altitude prize was offered, the winner to get $500 if he ascends more than 4,000 feet. An additional $500 if he exceeds the record of the meet and $1,000 more if he breaks the world's record.

The grand speed contest will be run off after 4 p. m. in two sections, the first being Grahame-White, fastest of aviators up to the close of the scheduled events of the meeting last night are: Moisant, $11,550: Grahame-White, $7,100: Hoxsey, $3,675: Latham, $3,100: De Lesseps, $1,650: Johnstone, $1,625: Radley, $1,400: Brookins, $900: Aubrun, $900: Drexel, $700: Parmalee, $700: Simon, $250: McCurdy, $200, and Audemars, Barrier, Ely, Mars and Willards $100 each.

The monoplanists by the meeting's records, and McCurdy, speediest of the biplanists by the same token.

Each starter gets $1,000 anyway and

EX-PREMIER JEERED.

Former Prime Minister of Portugal Admitted to Bail.

Lisbon, Oct. 31.—A crowd jeered former Premier Franco as he left the court today, having been admitted to bail in the sum of $200,000. Foreign Minister Machado protested against the admission to bail of the former premier, but exhorted his enemies to be calm.

Franco is charged, among other things, with having issued during his tenure of office seventy illegal decrees and with having liquidated the debts of King Carlos, amounting to $500,000, with crown funds on the pretext of augmenting the civil list.

MANY HUPP DRIVERS ARE COMING TO FORT WAYNE

For the cars destined for the more remote points the trip will be something in the nature of an endurance run, which will be resume dfrom this city early Friday morning.

NOT DYAMITERS IN KATE CRAFT, BUT BANK LOOTER

Arrests at Acapulco, Mexico, Believed to Have Got Some Fugitives.

Acapulco, Mexico, Oct. 31.—From the description given by a detective agency it is believed that two of the men who were arrested on their arrival here Saturday on the schooner Kate, are Wilson B. Evans, absconding teller of the Farmers' and Merchants' bank of Los Angeles, and H. Hamburn, an alleged accomplice. It is said that 111,000 has been recovered.

The matter of the arrest of the men has been taken up by the government with Washington direct.

The Kate came into port to take on a supply of gasoline and three passengers giving the names of Harry Ham, O. Carlson and Dan Archer, were taken into custody as suspects on the theory that they might have been implicated in the dynamiting of the Los Angeles Times' building. The sum of $10,000 was found on the boat.

The captain, Swan Engdethe, and Adolphson, the engineer, were placed under guard. The captain said that he had been employed to take the schooner from San Francisco to the Galapagos island off the coast of Peru and Ecuador. Today the police examined the prisoners in the light of descriptions furnished by a private detective agency of the fugitives Evans and Hamburn and it is said that the identification was sufficient.

THE WIRELESS TELEGRAPH.

Many Stations Shown in the Government Directory.

Washington, Oct. 31.—With the publication of the government's wireless telegraph directory just out, some idea is gained of the extent to which the wireless is now used. In this directory, perhaps the most extensive in existence, there are listed 1,520 stations. The total includes shore stations and ships, but does not take into consideration the warships of foreign governments, nor are listed the hundreds of stations equipped and operated by amateurs.

The directory is the work of the bureau of steam engineering of the United States navy. There are about 700 shore stations scattered about the globe. Of this number 88 are on the Atlantic and gulf coasts of the United States, 48 on the great lakes, 51 on the Pacific coast and 16 in Alaska. In the list of merchant vessels, such as steamships, tugs, yachts, etc., 821 are listed in all parts of the world.

UPRISING IN PHILIPPINES.

Washington, Oct. 31.—Eight Christians, one an American and two Chinese, have been killed and much property belonging to foreigners were destroyed by the rebellious Manitobas tribesmen in the Philippines, according to a report from Brigadier General Pershing to the war department today. For almost a week or more, two bands of about one hundred Manobos each, have been terrifying the people on the west coast of Davao in southeastern Mindanao island. Their raids have been directed against the foreign element. Two companies of the Third United States infantry were sent to suppress the disorder.

GIVEN RAISE OF 1 CENT AN HOUR

The Traction Company Advances Wages of Fort Wayne City Car Men.

MAKES REPLY TO RECENT PETITION

Increase of Approximately 5 Per Cent. Puts Wages Highest in State.

Motormen and conductors on Fort Wayne city street railway lines will receive beginning January 1 a wage advance of 1 cent per hour, or approximately 5 per cent, in accordance with an announcement made today by the Fort Wayne and Wabash Valley Traction company.

This will make the wage scale range from 19c to 22c per hour, governed by the term of service, as against the 18c to 22c scale now in effect, and officials of the company say the advance means an additional outlay of $10,000 a year. More than one hundred and fifty men are affected by the raise, and the new scale, it is said, will give the Fort Wayne car men the highest wages paid on any city street railway line in Indiana.

Would Have Come, Anyway.

On October 18 the motormen and conductors on the Fort Wayne city lines presented a request to the company for an advance in wages that would have started the scale at 22 cents an hour, with a maximum of 25 cents, together with some changes in working hours to obviate what are known as the "swing runs."

The bulletin issued by General Manager Emmons announcing the wage advance sets forth that the advance is made voluntarily by the company and would have been given on January 1 next, even had the recent petition not been presented.

There is no mention in the bulletin of change in the working hours, but under the new rule the requirement for a deposit of $20 each by the car men as a guaranty of the proper return of company property will be removed. The bulletin also calls attention to the fact that since 1903 the company has given six advances in wages, which at that time ranged from 14c to 17c an hour.

The Official Bulletin.

The official bulletin setting forth the wage advance is as follows:

"General Notice—Fort Wayne City Division—Beginning January 1st, 1911, the rate of wages on the Fort Wayne city division for motormen and conductors will be as follows:

"19c per hour for first year's service.

"20c per hour for second year's service.

"21c per hour for third year's service.

21c per hour for fourth year's service.

"22c per hour for fifth year's service and thereafter.

"Beginning November 1st the requirements of making a $20.00 deposit will be discontinued. Conductors, however, will be required to purchase their requirements of tickets, as heretofore. Present deposits will be returned with the November 10th payroll checks.

"We beg to state that this increase of approximately 5 per cent is made voluntarily and would have been given on January 1st, 1911, even had your petition of October 18th not been presented.

"It is but the faith of our directors that the future will show an increase in business in Fort Wayne city that justifies any increase in wages at this time which has had its many additional burdens of expenditures for street paving, track elevation and other extraordinary expenses.

"We beg to call attention to the fact that in 1903, when the Fort Wayne and Wabash Valley Traction company took over the Fort Wayne Traction company, the wages were from 14c to 17c. The proposed wages adds 5c per hour or approximately 30 per cent. to the wages then given, and this is the sixth raise of wages since that time.

"By the establishment of our Employes' Mutual Benefit association you have relief provided in case of accident or sickness and a fund in case of death and every cent which is paid in is returned to you or your fellow workman.

"We bespeak your earnest and loyal support.

"FORT WAYNE AND WABASH VALLEY TRACTION CO.
"C. D. EMMONS,
"General Manager."

Was Decided Saturday.

When the recent request of the car men for an advance in wages was submitted, the company announced that it would continue its announced policy of granting the advances as rapidly as the finances of the company would justify it, and that the request of the men would have due consideration. Definite decision to grant the advance was reached Saturday at a conference of officials of the company who met President J. Lovering Jones at Indianapolis.

It was stated today that so far as an expression had been received, the car men had indicated that they were satisfied with the raise.

LIFE HAS ENDED FOR T. M BIDDLE

Well Known Fort Wayne Citizen Passes Away at Hope Hospital.

LONG ENGAGED IN DRUG TRADE HERE

Was Inventor of Famous Baking Powder and Also a Popular Perfume.

Thomas M. Biddle, 70 years of age and long a resident of Fort Wayne, died at 2 o'clock this afternoon at Hope hospital. Death was due to obstruction of the bowels, and it followed an illness of little more than a week. Mr. Biddle was removed from his home at 127 Ewing street to the hospital, where on Sunday he submitted to a surgical operation, but his enfeebled vitality was unequal to the shock, and the effort to avert fatal consequences of his illness was futile.

Mr. Biddle was for many years engaged in the retail drug trade in Fort Wayne, but to him was due the additional distinction of having been the inventor of the well-known "Royal" baking powder. The later years of his life he devoted to the manufacture of perfumery of his own invention, the principal variety of which was known as Biddle's Satisfaction Bouquet.

Mr. Biddle was born in Ohio in 1840, and served during the civil war as a soldier in the 147th regiment Ohio volunteers. He then went to Chicago, where he began the manufacture of the brand of baking powder which later became known all over the world. In 1868 Mr. Biddle came to Fort Wayne from Chicago, and the firm of Hoagland & Biddle conducted a drugstore on Calhoun street until 1882. At this time the firm retired from the drug trade, Mr. Biddle selling his interest in the baking powder feature to Mr. Hoagland retained for himself the perfumery line of the business. The manufacture of perfume Mr. Biddle continued down to his last illness, and through it he was widely known all over Indiana and adjoining states.

Mr. Biddle did not long survive his wife, whose death occurred in February last. He is survived by four daughters and two sons—the Misses Mary, Caroline, Helen and Anna Biddle, of this city; Edward F. Biddle, of Des Moines, Iowa, and Dr. Frank M. Biddle, of Battleground. Mr. Biddle was a member of Westminister Presbyterian church, and an excellent citizen of lofty integrity and fine character, who was universally held in the highest esteem. He was a member of Lawton-Wayne post, G. A. R.

OPERATION DID NOT STOP HUSBAND'S CRUELTY

Mrs. Christian Sommers Says Husband Beat Her —Courts.

Hanna Lavona Sommers alleges in a divorce complaint filed in the superior court against Christian E. Sommers that he was not deterred by the fact that she submitted to a surgical operation and that he struck and beat her, although he knew she was suffering from the effects.

She also alleges that he found fault with her, was miserly and did not support her and their three children in keeping with his income. She asks the custody of the children. Judge R. B. Dreibelbiss filed the suit.

Will Call Docket Again.

So many of the attorneys are engaged in the campaign that few of them were present in the circuit court today when the docket was called and only about twenty-five cases were disposed of. Judge O'Rourke announced that as soon as the election is over he will call his docket again and clear it of all cases in which the attorneys representing the litigants are not present.

Two Cases on Trial.

The divorce suits of Hazel McCammack against William McCammack and Georgiana Biederman against Gottfried Biederman were called in the superior court this afternoon.

J. E. Kennelly, a brakeman on the Pennsylvania railroad, had his left hip sprained by falling from his train at Monroeville this morning. He was brought to this city and taken to St. Joseph's hospital, where he was attended by the company's surgeons.

Mrs. Clarence Fortner, 420 Helen street, was called to Minneapolis Saturday on account of the serious illness of her mother.

GREAT EXPRESS STRIKE SPREADS

Conflict of Drivers and Helpers With Employers Being Extended.

ADDITIONAL MEN ARE CALLED OUT

Riots Are Renewed and a Hot Time Forecasted in the Strike.

New York, Oct. 31.—The strike of the express company drivers and helpers which has brought the express business here to a virtual standstill is expected to spread today to the stable hands.

Daniel J. Tobin, president of the International Brotherhood of Teamsters now in Boston has sent word that if necessary he will organize all the express drivers in the country and call them out on strike. No express matter was moved during the early hours today and the companies apparently confined their attentions to preparations to break the strike. Strike breakers are expected to arrive from Philadelphia today.

The strikers were caught unawares in Jersey City early today when a dash of 100 trucks was made and the express matter brought to this city without trouble. No disorders were reported by the police in the early hours of the day.

The International Brotherhood of teamsters and Helpers this morning called out between 4,500 and 1,800 drivers and helpers employed by the Boston Dispatch, a subsidiary of the Adams Express company, Monahan's Express and the Manhattan Delivery company. These men went out at once.

Efforts at Strike Breaking.

Efforts at strike breaking in the forenoon were confined to the American Express company's service. The ered trucks loaded with merchandise company managed to move three covfrom their down town receiving station to the Grand Central at 42nd street. They came unmolested, a policeman sitting with the driver and two special guards on the rear of the wagons. At the Adams shed not a wheel was turned nor a single package of goods moved. All the platform men of the American Express company at the Grand Central struck today. Many reports that the stable men had gone out lacked verification.

Thirty strike breakers from Philadelphia arrived in the forenoon, reaching the sheds without molestation. Few disturbances occurred before noon.

Serious Riot.

The way bill clerks of the American Express company, who have no organization and no special grievances of their own, held a meeting this morning and decided to go out on a sympathetic strike this afternoon.

A serious riot, in which one man was injured seriously and two arrests were made, occurred this afternoon as an American Express company wagon was attempting to reach the express station at 47th street and Madison avenue.

As the wagon neared the station someone in the mob threw a stone and immediately the air was filled with missiles.

DIDN'T GET THE MAN.

Police Unable to Locate Man Who Stole Pay Roll Money.

The police have been unable to locate the man who went into the shack at the Centlivre hotel building on Baker street Saturday afternoon and stole $346 that had been drawn from the bank by Busching, Hagerman & Co. to pay their employes. Theodore Busching got the money from the bank and put it in the temporary office at the building. When he went to get it he found a plank had been pried off and the money taken.

A number of refrigerators belonging to families living on Wildwood avenue opposite the Lutheran hospital were robbed Saturday night and all of the Sunday provisions taken.

GO TO TAMPA TO WORK.

Pittsburg Cigarmakers Induced to Go to Scene of Labor Trouble.

Pittsburg, Pa., Oct. 31.—Sixty-five cigarmakers, among them a number of women, quietly left the city last night and are now on their way to Tampa, Fla., where they are to be employed in the factories in which workmen and the manufacturers cannot agree.

Agents of the Tampa cigar factories have been in the city for a week and as they wanted only the best workers they had some difficulty in making up the first quota. Inducements of an extraordinary nature were held out before recruits to take the places of strikers were secured.

PARTISANS IN CLASH.

Madrid, Oct. 31.—A religious procession held at Calataud Saragossa province yesterday, resulted in a collision between clericals and anti-clericals partisans. Shots were exchanged and several persons were wounded.

CRIPPEN APPEAL NOV. 3.

London, Oct. 31.—It is expected the court of appeals will on Nov. 3 hear the appeal of Dr. Hawley H. Crippen from the sentence of death for the murder of his wife. The execution has been set for Nov. 8.

POSTAL CLERK KILLED.

Bridge Over Ravine Gives Way Under Train in Texas.

Houston, Texas, Oct. 31.—W. H. Whorle, postal clerk, of San Antonio, was killed and J. W. Williams, baggage man, was seriously injured when the "Davy Crochett" fast passenger on the San Antonio and Arkansas Pass railroad, east bound, was wrecked near Yoakum, Texas, early today. A bridge over a small ravine gave way derailing the entire train with the exception of the Pullman. Several passengers were bruised but none seriously hurt.

THREE QUARTERS OF MILLION WORTH OF CHINA

Wealthy Englishman Has a Precious Little Bunch of It in New York.

New York, Oct. 31.—It is neither ennobling, inspiring nor exciting to watch a man wash dishes, but it was certainly fascinating yesterday afternoon to watch H. Hartley, a millionaire collector from London, gently swabbing a small hand mop of fine linen over sixty pieces of rare china, the total value of which reached $750,000.

Hartley, who has been a collector for years, spent his Sunday in the Waldorf-Astoria arranging his rare examples of the art of a bygone age for the inspection of three or four of the city's wealthiest collectors, including J. P. Morgan.

The collection, placed in the white and gold room, is under guard of four private detectives. The door was kept locked and to gain admittance one must give a prescribed form of knock. Then there is the sound of sliding bolts and the door is opened a few inches. Not until recognition is made is entrance given. As soon as the privileged visitor has entered the room the door is quickly closed and locked.

These precautions are necessary, for many of the pieces are small enough to be concealed in an overcoat pocket, and it would be easy for a clever sneak thief, were the room not so carefully guarded, to make a haul of $100,000 and walk calmly out without attracting attention.

Grouped together on a plain wooden table was a collection of vases, many of them as old as the fourteenth century and none more modern than the early seventeenth century. Hartley rated them at $400,000. One of the most beautiful pieces was a ginger jar in blue and white. There are only eight of these jars left in the world. At least the dealers say so. Of that number Morgan owns four. The Duveens, now in trouble with the federal government, recently bought a jar similar to Hartley's and paid 5,500 guineas for it. Hartley values his at a slightly higher figure.

The most costly but far from the most beautiful object in the room is a large vase. When you hear it valued at $150,000 you look at its two colors, dirty yellow and pale blue, its crude lines and its awkward shape, and you wonder. But when you are told it is "very, very rare," you stand awed. A much similar one, with just a trifle more beauty, is valued at $100,000.

As everything in the collection is more than 100 years old, all were admitted to this country duty free, but they had to be sent here several months in advance to let a government expert examine each piece carefully to determine whether it was really an antique. The collection is insured up to its full value.

The blue and white ginger jar, Hartley said, was brought from England by a sailor before the mast, who had bought it from a coolie in Shanghai for a few shillings. The sailor used it all the way across for a tobacco jar to keep his navy plug from being affected by the salt water. It received the roughest kind of treatment in the forecastle, but its beautifully glazed surface was not marred. A dealer bought it from the sailor for the Shanghai price and sold it at an enormous advance.

THRILLING TIME IN A HURRICANE

Crew of Norwegian Bark is Brought Into Baltimore After Rescue.

VESSEL A WRECK AND FAST FILLING

Life Boats Gone and Sea Mountain High When the River Platte Came.

Baltimore, Md., Oct. 31.—The crew of the Norwegian bark Mostores, 17 men in all, were brought here today o nthe fruiter Juan from Jamaica. The seamen were rescued during the West Indian hurricane a week ago yesterday by the British bark River Platte and taken to the island. Their vessel which was bound from Gulfport Miss. to Buenos Ayres was abandoned in a sinking condition.

The members of the crew of the Mostorea went through a thrilling experience. Their vessel rapidly filling with water, the decks a mass of wreckage, the life boats disabled and a hurricane wind still hurling mountainous seas over the derelict, the men had all but abandoned hope when the River Platte was sighted.

When the latter came near enough the crew of the Mostorea embarked in their damaged life boat which sank to the gunwales and was only kept afloat by the air tanks.

Although the boat swung away from the Mostorea at noon it was 5 p. m. before the last man was safely aboard the River Platte. That they were saved at all is attributed to the use of oil which had been hrown overboard from the ship in an effort to keep her afloat as long as possible. Finally getting their row boat into the area covered by the oil, the river Platte was able to come along side and the men were hauled to her deck by means of a life line.

INTERRED AT GARRETT.

Many Attend Obsequies of Mrs. Mary McOscar.

Impressive services marked the funeral of Mrs. Mary McOscar which was held this morning at 8:30 o'clock from St. Paul's church. Requiem high mass was celebrated by Rev. John R. Quinlan, rector of the Cathedral. Many relatives and friends of the deceased were in attendance. Following the mass, Father Quinlan delivered the sermon in which a glowing tribute was paid the exemplary life and devoted labors of the faithful departed. Pall bearers were: Charles M. Niezer, James J. Hayes, Bart McCarthy, Dr. W. L. Greenawalt, Dr. John McArdle and Dr. Alfred Kane.

At the conclusion of the services a special interurban car at the local station conveyed the remains, accompanied by relatives and friends to Garrett, where the interment was held at Calvary cemetery. Rev. August Young, pastor of St. Joseph's church, there officiated at the grave. He was assisted by Rev. George Angermeier of Auburn. Fort Wayne friends attending the interment numbered about forty.

Charles B. Miller, formerly a corporal in company K, Fourteenth infantry, stationed at Missoula, Mont., whose term of service expired a short time ago, re-enlisted at Columbus, O., a few days ago and is visiting his aunt, Mrs. John Hess, 325 LaSalle street, before joining the Fifth infantry regiment at Plattsburg barracks, New York, where he has been transferred. Miller returned from the Philippine islands with the Fourteenth infantry in March and asked for a transfer to the Fifth infantry on reenlisting, in order to get an opportunity to go back to the islands, as the regiment will be sent in 1912.

Rev. W. E. Elliott, the pastor of the Presbyterian church at Auburn, was in the city today to attend the meeting of the Fort Wayne Ministerial association. The plan of the city ministers is to interest the neighboring cities and towns in the Chapman evangelistic meetings and other out of town pastors were in the city today.

WORKED MANY YEARS AS MACHINIST IN CITY

William Neumann Dies After Long Illness—Other Deaths.

William Neumann, 75 years of age, who was long employed as a machinist in this city, died at 5:30 o'clock Monday morning at his home, 1406 Lillie street. Mr. Neumann had been in impaired health since he suffered a paralytic attack seven years ago.

He was a native of Germany, coming to Fort Wayne in 1869, and had been employed for thirty years at the Kerr Murray works, as well as at the Pennsylvania and the Wabash shops. He was united in marriage to Miss Emma Deininger in 1870, the ceremony being performed at the old St. Paul's Catholic church by Rev. Father Koenig. READY FOR WALKS ON SOUTH SIDE OF TUNNEL

Bulging Walk Causes Little Delay on Track Elevation.

Contractor Trippeer will be ready for sidewalks on the south side of the Calhoun street tunnel tomorrow morning and said today he will finish them in front of the business houses by tomorrow night if he can get hold of Dave Neal, a finisher, who formerly worked for him. Dave quit in a huff a short time ago, but under a flag of truce he will probably resume.

Grading for the walks was under way today and the contractor said it would be finished by night. Some delay was occasioned on the north side walks by the bulging of the concrete wall being erected by Contractor Herman Tapp, but this was remedied and will be finished, it is believed, by tomorrow.

The Pennsylvania company has no iron for its bridge work and until this is put in the piling cannot be taken out to allow the contractor to complete cement walks under the tracks, but plank will be put down for temporary use while the work on the east side is being completed.

The grading of Grand street at the south entrance to the tunnel is well under way and sidewalks can be put down on both sides in a short time.

Pontiac street paving was finished this morning, a little delay having been occasioned by a brick shortage. A thousand bricks that were not satisfactory were taken out of an intersection and no shipment was made to supply this until the work was nearly done.

The contract with the Pennsylvania company for the vacation of streets and the right of way for new Webster street is not ready for submission to the council, as the board of public works wants to be sure that it is correct before it is finally passed upon.

Councilmen Pinninger and Pfleger have asked the board of public works to meet them Wednesday and inspect the sight of the proposed tunnel under the Nickel Plate tracks between Bloomingdale and Nebraska. Cherry street is favored by the councilmen and this will be taken into consideration.

White Will Challenge Moissant.

Claude Grahame-White, before the meet began today, said he would issue an official challenge to Moissant and put up a purse of $10,000 for another flight around the Statue of Liberty or over any other course, the winner of Sunday's contest might choose. Grahame-White claimed this meet is not officially closed, but said he was tired of making protests. He said he was confident of beating Moissant.

Grahame-White bases his demands for another flight on the fact that it had been announced by the officials of the meet that an attempt might be made to fly around the Statue of Liberty Sunday or Monday.

Moissant immediately protested, claiming he never heard of a race that could be run more than once. It was suggested another flight be made around the statue today.

"What's the Use?" Asks White.

To this suggestion Grahame-White answered, "What's the Use?" I might make this flight and it is probable the officials here would not take my time. Then you see if I sent my protest to the Aero club of Great Britain for them to decide my time would not be official and all my trouble would go for naught.

"I believe this contest should have been open for today as well as for yesterday; but as I said before what was the use of my protesting?"

Just before the meet began Arch Hoxsey took out the Wright climber and did some hair raising stunts. He circled the field several times and on the turns made his little flyer almost stand on beam ends.

White Issues Challenge.

Later in the afternoon Grahame-White issued his formal challenge to Moissant. He said he was willing to make the flight to the Statue of Liberty and return any afternoon this week. He claimed that he was the only one in the Sunday contest who observed all the rules. He said Moissant started at nearly four o'clock, when the official time of the start was to be from 2:45 to 3:45.

"I notice," said White in his official challenge, "that although the meeting was said to be officially closed on Sunday the grand speed and grand altitude contests are being held today. Hence I do not see how the meet can be closed. I trust that Mr. Moissant's sporting instinct will let him accept

Thirty young people spent a merry time outdoors and in.

A RELIABLE MEDICINE

Not a Narcotic

Foley's Honey and Tar is a great medicine for coughs, colds and all affections of the throat, chest and lungs. It has never received one line of unfavorable comment or condemnation and has an immense and ever increasing sale. It is the best cough medicine for children, as it contains no opiates and no harmful or habit-forming drugs. It is a sure help for croup, and relieves at once the hoarse metallic cough, and removes the false membrane that causes the trouble. It is a safe and sure family medicine, and cures quickly lagrippe, coughs, whooping cough, bronchial coughs, and the chronic coughs of elderly people. Mrs. F. Marti, St. Joe, Mich., says:

"Foley's Honey and Tar saved the life of our baby boy. He contracted a severe bronchial trouble and would cough violently and get spells of choking and gagging and turn black in the face. The doctor's medicine did not cure him but I always had great faith in Foley's Honey and Tar and started giving it to the child. In a short time he got relief, and finally the cough was entirely stopped, and the choking and gagging spells ceased, and he got well in just a short time, gaining in weight and getting robust. Foley's Honey and Tar has many times saved us much trouble, and we always keep it in the house and recommend it on every occasion." For sale by Dreier Bros.

NEWS OF FORT WAYNE'S NEIGHBORS

WAS INJURED ON HIS WEDDING DAY

On Way to Meet His Fiancee is Thrown from Interurban Car and May Die.

Warren, Ind., Oct. 31.—While on his way to Marion, where he was to have been married Saturday, James Fornshell fell from the rear platform of an M., B. & E. car at Warren and was injured, probably fatally. He was standing on the rear platform with his back to the steps. Near Warren the car crosses a bridge at high speed and then gives a sudden turn on a high embankment. The sudden lurch hurled Fornshell from the car and down the steep bank. Several ribs were broken and he suffered internal injuries also. The attending doctor regards his condition as critical and he may die.

Fornshell for about a year was engaged as delivery agent for Warren merchants, but about two months ago he went to New Castle to work in an automobile works. A few days ago he came to Warren and vicinity to visit relatives and friends. He started to Marion Saturday and had intended to return here with his bride Monday.

THREE-LEGGED TURKEY.

Huntington County Has Freak of That Kind.

Huntington, Ind., Oct. 31.—Dr. Ervin Wright discovered a new freak a few days ago when visiting at the home of John Hartman on the Jackson Clear Creek township line. The montrosity is a three-legged turkey. The animal has one good stout leg on one side while on the other are two which it does not use. In moving from one place to another it simply hops about on the one good foot, sitting down in order to eat. Another pecularity lies in the fact that the good leg has four toes whereas the others each have three. The bird has attained the size of an average pullet and bids fair to become full grown.

ALBION YOUNG MAN DIED ON THE TRAIN

Taken Ill With Tuberculosis at Los Angeles, Cal., Was Enroute to His Old Home.

Albion, Ind., Oct. 31.—The remains of Charles B. Mallon, the son of Mr. and Mrs. Wesley Mallon, residing near this city, whose death occurred on the train at Kansas City, while he was enroute to his home here, from tuberculosis, with which he had been ill for months, were brought to this city and his funeral took place Friday, the burial being at Eden Chapel cemetery and the funeral services at the Methodist church in Topeka, in this county.

Mr. Mallon was a painter and decorator by occupation and was 36 years of age and a single man. Ten years ago he left for the western states and had been following his occupation in the west until he was taken ill some months ago at Los Angeles, Cal. Some days ago he started from that city for his home here and his death occurred just before his train reached Kansas City, Mo.

He was a young man who had a wide circle of friends. Surviving are his parents, two brothers, Frank and William, of this county, and the following sisters Mrs. Thos. K. Warner, of Fort Wayne; Miss Zora Mallon of Indianapolis; both of whom were present at the funeral, and Miss Milton Spicher, of Topeka.

Rheumatic Poison

Rheuma Drives It From the System and Cures Rheumatism.

Ever since Meyer Bros. Co. secured the privilege of handling Rheuma in Fort Wayne, the sales have been very large.

This is due to the fact that Rheuma really does cure Rheumatism, and that it is guaranteed to cure Rheumatism or money back.

It's a quick acting remedy, too. You don't have to wait a long while for results, for Rheuma starts at once to act on the kidneys, liver, bowels and blood, and before 24 hours the poisonous Uric Acid, which causes Rheumatism, has begun to pass out of the body through the regular channels.

One 50 cent bottle will prove to any Rheumatic sufferer that Rheuma surely will cure Rheumatism.

For quickest relief from acute indigestion, try English Marhue, 25 cents, at Meyer Bros. Co. Mailed by Rheuma Co., Buffalo, N. Y.

TIMBER LAND SALE.

The Timber on it Rated Higher Than the Land.

Marion, Ind., Oct. 31.—One of the biggest land and timber deals of recent years in this locality was finally consumated Saturday when Barley and Spencer bought the Satterthwaite quarter section of land lying two miles west of Mt. Aetna, in Huntington county.

There are sixty acres from which the timber has never ben cut and there are poplars in it that will cut from 4,000 to 5,000 feet of lumber and E. L. Barley, who knows the timber situation in Indiana says there are few such tracts of virgin timber anywhere. The consideration was more than $20,000, the timber being rated higher than the land. The firm will immediately start a force of men cutting timber and the logs will be hauled to the mill in Marion.

BRIGHT'S DISEASE

Late estimates on the per centage of recoveries under the new emollient treatment for Bright's Disease are as follows:

Where patient is much weakened and crises may be expected in from five to ten days; probably not more than 10% to 20% recover. Where physicians aid with efforts to restrain fatal symptoms this percentage is increased. In cases where patients have from thirty to sixty days of life the efficiency is very much higher.

Where patients do not wait until bedridden probably three-fourths yield.

And in cases that take the new emollient treatment on the appearance of the disease nearly nine out of ten respond.

Albuman Casts and dropsy do not prevent recovery. The point is that the Renal inflammation should be attacked before the heart and physical system are broken down.

The new emollient treatment is known as Fulton's Renal Compound. It can be had in Fort Wayne at the D. & N. Pharmacy, 624 Calhoun St.

We desire every patient to write us who is not noting the usual improvement by the third week. Literature mailed free. Jno. J. Fulton Co., 645 Battery St., San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

NAGGING AT THE COLONEL.

Some of the reactionary newspapers that serve the republican party already are hinting and soon will be demanding that Colonel Roosevelt relieve the situation by stating his intentions with respect to 1912. Why should he? If the colonel considers that the country needs his services at the expiration of President Taft's first term there is no reason why he should hesitate to offer himself at the breach. Senator Root gave more than an intimation in his New York city speech last week that a repudiation of the Taft administration might force the colonel to place himself once more at the head of the national republican party. This statement, of course, was made to strengthen the position of Mr. Stimson, republican candidate for governor in New York, but it strikingly discloses the state of mind of the ex-president that the question of his candidacy would seem to be hinged upon results of the coming election and the performances of the Taft administration during the next eighteen months. Now, the prospect of the colonel is not anything to terrify with out here and farther west. New York and other parts of the east may throw themselves into hysterics and toss fits over the picture of the colonel "coming back," if that is the way they are foolish enough to feel about it, but they can communicate neither their fears nor their rabies to the great region this side the mountains of the east. The west takes the colonel seriously, frankly, kindly. It does not believe he is hostile to liberty or that another season of him will be subversive of the forms by which it was established and is preserved. New York state probably is going democratic in spite of the colonel, but not on account of him. He is only a human and is beset by human limitations, and little less than a miracle can hold New York in the republican column this fall. The reactionary and standpat organs will take great pleasure in blaming him for the result that at this time seems inevitable, but it will not disturb the west. The colonel embodies too much that is western sentiment and progress to frighten anybody.

In the course of a temperance speech in Kansas City, Governor Stubbs of Kansas answered some criticisms with the declaration that if any would show him a place where liquor was being sold in his state he would put it out of business at once or resign. Criticism was aimed at a statement by the governor not long since in which he stated that he did not believe there was a place in Kansas where intoxicants could be procured in an unlawful manner, and under the reinforced laws of that state, that means in almost in any manner imaginable. Perhaps Governor Stubbs was too sweeping and emphatic in his statement, but it is true as all the testimonies agree, that never in the thirty years' history of prohibition in Kansas has there been such effective enforcement of the law. When the governor says he will resign if he can be shown a joint that he does not immediately close he is playing safe. His work has been most signal in compelling obedience to the laws.

It is very evident that President Taft is going to face the election of next week with Secretary Ballinger the incubus of the administration. Perhaps Mr. Taft deserves credit for stanchly standing by a man in whose official conduct he believes; certainly, however, Mr. Ballinger can claim none for taking advantage in a manner so selfish and persistent of his generous chief's good opinion and courage. A considerate man long ago would have dropped out.

The goddess of luck certainly is keeping her hand on those flying machine boys. Smashing here and crashing there and tumbling all about as they have been at Belmont park, but no one has been damaged enough to really need a physician or surgeon. The game is thrilling, but it is full of risks in the wind. The aeroplane this past week has shown that it is nothing more nor less than a great kite and like a kite it is apt to perform when the gales hit it.

The weather that for many days made October glorious has shown at all events that it can come back.

YOUNG MAN ENDS LIFE.

Danville, Ill., Oct. 31.—Elmer Stoner, aged 27 and unmarried, committed suicide by blowing out his brains at his home near Rob Roy, Ind., sometime during Saturday night. His body was found Sunday morning and the coroner of Williamsport said he had been dead several hours. No cause is assigned for the act except despondency. Stoner, who was a farmer, was quite well to do.

Something That Nature Intended

IT TOOK TWENTY YEARS TO MAKE THE DISCOVERY.

Nature undoubtedly intended the scientist in question to be a healer of the sick, through the medium of the wonderful discovery he made. After experimenting with many combinations of roots and herbs since early manhood, he at last discovered the wonderful Root Juice, to which hundreds are now indebted for the recovery of their health, after having suffered for years with chronic stomach, liver or kidney trouble. While Root Juice is (comparatively speaking) a new remedy, it represents many years of hard study and numerous experiments, and is the medical masterpiece of a man who has studied the merits of various roots and herbs for twenty years, and is rapidly covering the country with grateful people, who will always be thankful to Root Juice for the restoration of their health. If you are suffering with stomach, liver, kidney or bowel trouble, you should go to Bradley Bros.' drug store, 627 Calhoun street, and they will tell you all about the many wonderful cures Root Juice has made in this locality.

IN THE CITY'S CHURCHES

DR. FRANK M. FOX WRITES ABOUT THE CHAPMAN MEETINGS

Is in Chicago Assisting as Evangelist in Charge of One of the Districts.

Dr. Frank M. Fox, the pastor of the Third Presbyterian church, who has been in Chicago for the last two weeks assisting as an evangelist in the Chapman-Alexander meetings being held there, will return home the last of this week and be in his pulpit next Sunday. He writes the following letter to his congregation concerning the Chicago meetings:

"The Chapman-Alexander campaign in Chicago is a stupendous effort, under the management of the Christian business men of Chicago to awaken this great city to Christ and His claims. So far as appearances go, the city is indifferent to spiritual things, dead to them, in its never ceasing seeking of dollars and pleasure.

"Dr. [illegible]an is a great general and Mr. Al[illegible] is a prince of leaders in song and [illegible] have called in men, evangelists and singers from all over this country to help in this great undertaking. We will gather at the Chicago Opera [illegible] for the noonday meeting and it [illegible] a rare privilege to mingle with them in this great work.

"Meetings are being held in twenty different districts on the north and west side of the city afternoon and night for the first three weeks and there will probably be twenty groups in the next three weeks on the south side. Ours is the Maplewood group, far to the northwest. Mr. and Mrs. Louis D. Eichhorn, of Denver, Col., are the singers and I think there are no better in the city. In fact were I to be here for the second three weeks I would ask for them. Mr. Eichhorn is a native of Wells county, Indiana, and Mrs. E is a Logansport girl.

"Our meetings will close on Friday of this week. I am still your pastor in the deepest sense of the word and even after November 6, my heart will still be in the Third church of Fort Wayne. I am sorry to have to be absent in these last days. God bless you every one."

"WHY THERE IS A HELL."

Sermon on the Subject Preached by Rev. Dr. J. F. Vichert.

There is a hell, and the worthless in the sight of God, the irredeemable, those who have resisted every overture for the salvation of their souls, are cast into it. Man is his own arbiter in determining his destiny after death. He can win heaven, or he can doom himself to hell. Nothing unholy ... enter heaven. Hell is made necessary because that which is worthless in man, that which is irredeemable from sin cannot enter heaven.

Such, in substance and a close approximation in language, was the declaration of Rev. Dr. J. F. Vichert during the course of a sermon preached Sunday evening at the First Baptist church on the theme, "Why There Is a Hell," a logical and interesting discourse in which the pastor reviewed the scriptural authority for the existence of the future place of abode of the irredeemable wicked and the reasons for it. It is only after all hope for man's redemption is lost, after every overture for his salvation has been rejected, after nothing is left but the unredeemable remainders, the worthless, the pastor said, that such awful fate comes to man. God wills that all should be saved. But He cannot save the worthless, the chaff. It is written, and this was the text of the pastor:

"Whose fan is in his hand and he will thoroughly purge his floor, and gather his wheat into the garner; but he will burn up the chaff with unquenchable fire."

FORTY HOURS DEVOTION.

Immense Congregations Attending Services at Cathedral.

An immense congregation taxed the seating capacity of the Cathedral of the Immaculate Conception Sunday evening, when the first of the evening services of the forty hours devotion was held. An eloquent and stirring sermon was delivered by Rev. Henry J. Connor, C. M., of Niagara university. His theme was "The Blessed Sacrament in Holy Communion." He will preach again this evening, Tuesday morning and at the solemn closing of the devotion on Tuesday evening.

Tuesday, November 1, is the feast of All Saints, one of the great feasts of the ecclesiastical year and will be observed with marked solemnity in all the Catholic churches of the city. Masses at the Cathedral will be celebrated tomorrow morning at 5:30, 7, 8, 9:15 and 10:15 o'clock. At the solemn high mass at the Cathedral Sunday morning, which opened the forty hours devotion, Father Connor gave an excellent sermon on "Belief in Jesus Christ as a Means of Sanctification for Everyday Life," basing his effort on the text, "I Am the Way, the Truth and the Life; No One Can Come to the Father Except Through Me." He was heard with close interest by a large congregation. In the imposing procession following the mass the clergy, acolytes and little boys and girls of the parochial schools participated.

Society

The members of the Fortnightly Bridge club were entertained this afternoon by Miss Jeannette Morris, of Washington boulevard west. Aside from this being the first meeting of the season, the young women who form the club found an additional interest in the announcement by Miss Morris of her engagement to Joseph Lee Tucker. Congratulations were literally showered upon the beautiful young woman when she made the announcement for Miss Morris is both admired and loved by those who know her well. Miss Morris is a daughter of Mr. and Mrs. Samuel L. Morris, is of charming appearance and possessed of many graces of heart and mind. She was one of the best students in the Fort Wayne High school and after completing the course went to New York, where she took a finishing course at Miss Ely's school, ending the year as an honor pupil. Mr. Tucker is a son of Mrs. M. V. Tucker, of this city, and during the few years he has lived here has made many friends. Mr. Tucker is a bookkeeper at the First National bank. The rooms of the Morris home were lovely in their decoration for this announcement party. Yellow and white chrysanthemums and appointments of a Hallowe'en character were used in the rooms and at supper time. The score cars for bridge were embossed in gold letters, the initials of both Miss Morris and Mr. Tucker. Mrs. Percy Olds assisted her sister during the afternoon. The guests invited were Misses Jessie Orr, Alma Dreier, Hester Bash, Alice Worden, Georgiana Bond, Bertha and Helen Peters, Florence Lang, Alice Knight, Linda McKinnie, Ruth Evans, Ruth Beers, Clara Thieme, Edna Perrine, Virginia White, Evelyn Fisher, Florence Foster, Constance Keplinger, Hadji Dawson, Eliza Hanna, Esther Paul, Mrs. W. Miss Ruth Walsh of 311 Washington boulevard east, celebrated on Saturday afternoon by entertaining friends in just the right way for an eighth birthday anniversary. In the center of the supper table stood a big hollowed out pumpkin filled with pretty gifts. These were tied to strings which the children pulled on to find their favors. A birthday cake, ice cream in pumpkin form and a number of other good things were things which the children enjoyed. The guests were Elizabeth Urbahns, Helen Mikesell, Victoria Gross, Louise Baade, Gladys Young, Lucile Strodel, Juanita McKiernan, Lucile and Florence Federspiel, Elsie Gaidy, Helen and Vera Hoy, Alice and Marie Klerspe, Virginia Fox, Charlotte Alter, Katherine Cleary, Doris Walsh and Henry Moellering.

A birthday surprise party of Sunday afternoon that was greatly enjoyed was that given by Mr. and Mrs. Sam Mills, of St. Mary's avenue, in honor of their daughter, Ethel, who celebrated her fourteenth birthday anniversary. The decorations were of a Hallowe'en character. Music, several games appropriate for the time of the year and fine refreshments were all enjoyed by the guests and they spent a happy time. Miss Ethel was a cordial hostess and helped her friends have a good time. The guests were Leona Webster, Helen Fisher, Helen Color, Margery Funk, Mildred Hoone, Irma Lakie, Jennie Underwood, Bernice Lott, Birdie Brumside, Collene Spaw, Marguerite and Bertha Kintz, Lisetta Fox, Bertha Andofer, Ruth Schoonover, Vera and Callie Mills.

A surprise party given by a number of her friends was the greeting Mrs. William Smith, of 1609 Fletcher avenue, received at her home on Saturday. It was both her wedding day anniversary and her birthday anniversary and Mr. Smith had his share in the good wishes and pleasure of the evening. Music, card playing and a supper were the principal pleasures of the time. The guests were Mr. and Mrs. Fred Brown, Mr. and Mrs. John Brown, Mr. and Mrs. Frank Herber, Mr. and Mrs. John Bird, Mr. and Mrs. John Gibson, Mr. and Mrs. John Hoffmann, Mr. and Mrs. Baxter, Misses Celeste and Edith Hiser, Eva Smith, Naomi Baxter, Emily Lerch and Messrs. A birthday party which a number of children enjoyed with all th ezest of a Hallowe'en frolic and childhood earnestness was Miss Blanche Waterman's. Miss Blanche is a daughter of Mr. and Mrs. Walter Waterman, of Lakeside. Miss Lois Puddy, a cousin of the young girl assisted her in arranging for the party. The rooms were gay with decorations of the right colors and cornstalks, pumpkins, apples and other things of the season contributed a lot to the fun. Snappers lay at each plate and the children found on cracking them, aprons and caps of tissue paper, which they wore the rest of the evening. The supper showed yellow and white goodies to eat. There were merry games played and the fun was helped along by May Clutter, Louis Tyger, Jamica Thomas, Louise Burd, Valeria Moeller Nellie Ringwalt Inez Sharp, Constance Bogart, Vivian Lowe, Mildred Roeger.

Mr. and Mrs. J. Waveland Kerr, of Washington boulevard west, entertained their friends on Saturday evening at a novel masquerade party with a combination of Hallowe'en favors, supper and decorations. Mr. and Mrs. Kerr greeted their guests in fancy costumes and as the guests had not been indifferent in costuming themselves, a stranger might have wondered what land he had reached had he dropped in on the scene. The rooms were candle lighted and decorated with cornstalks, foliage and lanterns. When supper time came Mrs. Kerr disappeared from the room a few moments and then reappeared wheeling a genuine wheelbarrow that was filled to the brim with fruit and home-made doughnuts. Coffee was served and lovers of sweets found candy to satisfy their taste. There were fifty guests who enjoyed this merry affair.

One of the prettiest Hallowe'en parties of last week had for hostesses the members of the M. C. B. club and Miss Edna Klaehn, of 705 West Superior street, invited the club there for the evening. The arrangements which the young ladies made for their party were extensive. They lighted the house in every room with candles, many of them in pumpkin lanterns, cornstalks, branches of foliage and flowers and paper in colors of orange, purple, green, yellow and black. On arriving each guest was given a piece of tissue paper which was to be matched by other pieces of similar color. The pieces spelled a sentence which directed a hunt for a candle done up in a package. The package and candle contained further directions for hunting and so on until in the end each one found a pretty Hallowe'en favor. Progressive bunco was played after the hunt and prizes were won by Miss Lydia Heine and Robert Koch for first honors and by Miss Alma Gerwig and Martin Heine for consolation scores. Supper was served in the diningroom, which had the appropriate "cats, witches and bats" with yellow and black ribbons for decoration of the table. Hidden in a large basket of fruit each guest found what his future would be as foretold by these same witches with the black cats for good luck. Various games prolonged the hour at this merry party. The M. C. B.'s and their guests were Misses Esther Griebel, Clara Schmidt, Lydia Heine, Luella Doehrman, Edna Klaehn, Alma Gerwig, Esther Strassburg, Esther Linnemeier and Messrs. Martin Heine, Robert Koch, Carl Suedhoff, Paul Scheiman, Jack Erwin, Louis Thornton, Paul Rose and Lester Bash.

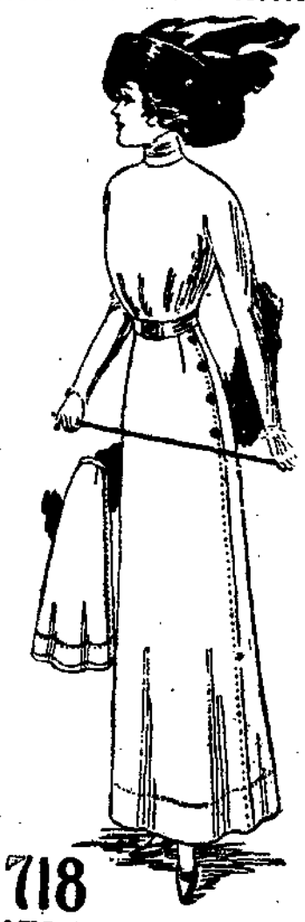
NEW SIDE CLOSING SKIRT.

By MRS. JANE FORD.



718

5 SIZES 22 TO 30 WAIST

Skirts for winter use are plain, and in order to obtain novel effects designers resort to clever arrangements of the closings. Of this character an especially attractive model, and one that is so simple it requires no special knowledge of the dressmaker's art to complete, is shown here.

Those who like the pattern can get it in five sizes that will fit any woman whose waist measure is between twenty-two and thirty inches.

Incidentally, the model is economical to copy, as only three and one-eighths yards of goods thirty-six inches wide, or two and five-eighths yards forty-four inches in width are needed.

The skirt is in two pieces that are fitted to the figure by the side seams and four small darts at the top. The band which is shown in the small drawing and is seen on many of the new models may be omitted when preferred, an the hem stitched in tailor fashion.

When selecting material for developing this pattern weaves that have considerable body should be given preference, because light-weight fabrics, such as voile, challis and veiling, will not hang gracefully.

Any goods selected for winter use must be shrunk before it is cut, and this shrinkage can be done at home with little trouble, for all that is necessary for the process is to lay a damp cloth between the folds of the material so it covers the entire surface, and then roll the fabric tight. The goods must remain so over night, and in the morning it must be hung to dry. It need not be ironed at this time, because the skirt must have a thorough pressing when completed.

This model may be finished as pictured, with buttons at each seam, or they can be placed on the left side only.

The placket should be finished in the regular way, with an extension and facing, and if buttonholes are not worked in the overlapping front portion, a fly must be made and the closing effected with hooks and eyes.

This skirt is suitable for wear with separate waists or to complete a coat suit.

WIRES SET ISLAND AFIRE.

Sacramento, Cal., Oct. 31.—The breaking of an electric power wire last night set fire to Brannon island, four miles below Sacramento in the Sacramento river. Not only the grain growing on the surface, but the island itself, which is of peat formation, is blazing. As the fire is far back on the island which contains nearly seven thousand acres, it is believed it will be necessary to allow it to burn itself out.

For real substantial pancakes use NUTRI-MEAL. They digest easily and relieve instead of cause constipation.

AT THE MAJESTIC

TRIUMPH FOR CLANER DRAMA.

In "The Light Eternal," says the St. Louis Post Dispatch, "the wheels of progress moved back some 1600 years at the American theater yesterday and a goodly sized audience watched the struggle between Christian and pagan as the mighty Caesar strived to crush tre followers of the lowly Nazarene. It was an inspiring sight to see these loyal followers give all in the cause of right—it was a still more inspiring spectacle to see and hear the Sunday audience cheer and applaud the speeches and sentiments that are as old as Christianity.

"It was pleasing because it refutes the claim often made that the people want a touch of spiciness with their plays. "The Light Eternal" is a historical drama of Christian martyrdom worthy to rank from a dramatic standpoint with "The Sign of the Cross," "The Dagger and the Cross," "Qua Vadis," or any of the old Roman spectacle plays. It is a sermon in itself, preaching the Christian religion. Its only appeal is to the good in man or woman. At the close of the big third act half the audience was learning forward in their seats grasping each word as it came from the player's mouth, and moved as one seldom sees an audience in a popular-priced playhouse. It was a triumph of right over might in the play and a triumph for the cleaner drama so far as the audience was concerned.

"The company now presenting this Christian drama is very capable, the leading part being especially well played by Eugenia Blair, who has been seen in St. Louis in a great variety of plays, from the modern to the classic drama. While not quite so pleasing in this play as she was in some of her earlier efforts, she presents a commanding and interesting Princess Artemia. George A. Lessey as Marco Valerius the Christian, and John Milton as Teragus, give scholarly and painstaking portrayal of the Roman soldier along familiar and conventional stage lines.

"The costuming and scenery are much above the average, lending much to the play's impressiveness."

"WAY DOWN EAST" COMING BACK.

The premier of all rural plays, "Way Down East," will return to the Majestic Friday matinee and night, and with it will come all the quaint characters that during the past twelve years of its existence has made it a household name. The same Squire Bartlett—kind hearted, but rudely just—Pretty Anna Moore with her trials and woes—Seth Holcomb, with his "Long Life Bitters," the inimitable constable, Rube Whipple, and last but not least, Hi Holler, he of the wondrous and boisterous laugh. They will be supported by a large and competent company of players, assisted by the choir from the village church. The farm stock will also be in evidence, also the snow storm, preparations having been made to give the play a perfect production.

The choir of the Baptist church will give a musical next Sunday evening entitled, "The Two Harvests."

In a bowl put one cupful of flour and one-half of a teaspoonful of salt, and mix well. Beat the yolks of two eggs until light, add sufficient cold water to make a thin drop of batter. Beat, add one tablespoonful of melted butter or olive oil and the whites of the eggs, whipped to a stiff froth. Mix well and stand aside for several hours in a cold place. Strip the skin from each banana, cut it in half and each half lengthwise into half again. Dip each piece into the batter until thoroughly coated and drop into smoking hot fat. When golden brown drain for a moment on unglazed paper, dust with powdered sugar and serve.

Curried Giblet Salad.

When cleaning the chickens for the Sunday dinner wash hearts and livers well. Peel back the tough iridescent membrane from the outside of each gizzard, cut off the piece of meat underneath and discard the rest. Put these pieces with the hearts and livers, a slice of onion, one-quarter of a teaspoonful of salt and a chopped stalk of celery into a pint of water and simmer until tender. Take out the meat, add a half teaspoonful curry powder, and simmer until the broth is reduced to one cupful. Soak one heaping teaspoonful of granulated gelatine in two tablespoonfuls of cold water, add to the hot liquid, stir until dissolved and set aside. Cut the giblets into tiny dice. Strain over them the broth and turn into a shallow dish. For Monday night cut this jelly into squares, arrange on lettuce leaves and serve with mayonnaise.

Swartz, K. Karger, G. Cartwright, M. Richter, Ed C. Bangert, J. Bruecher, C. Witte, Harry H. Roselot and F. S. Shaw, all shop comrades of the host and Miss Alba Kesler. ALL SPECIAL RATES OFF.

Cheap Fares to Rome City Have Been Abolished.

Yesterday was the date of the expiration of all special rates to Rome City over the Grand Rapids and Indiana road and fishermen who go up there hereafter will have to "put up" full price for transportation. The fifty cent Sunday rate was more popular than ever this year, the total number of tickets sold far exceeding the sales of former years.

RETURNS TO FORT WAYNE.

Ethan A. Clark has resumed his duties with Captain H. C. Stoll, after being on special duty at Columbus two months. Mr. Clark, who is a Pennsylvania patrolman, was sent there when the strike of street car employes assumed serious form to look after Pennsylvania property if damage was threatened by the hoodlums who some times take advantage of occasions of that kind to destroy property. None of the Pennsylvania property suffered from the riots that broke out on several occasions, however.

GONE TO RELATIVE'S FUNERAL.

Joseph Slater and William C. Slater, of the Bass Foundry and Machine works, are at Chicago today attending the funeral of Mrs. Rose Slater, the wife of Dr. George F. Slater, whose death occurred from pneumonia last Friday. The decedent was a frequent visitor at the homes of Messrs. Joseph and W. C. Slater and had a number of friends and acquaintances in the city.

ENTERTAINED CAR BUILDERS.

J. S. Ralston, president, and J. Pesseman, general manager of the Ralston Steel Car company, of Columbus, O., were the guests of R. J. Fisher, of the Bass Foundry and Machine company, at a banquet at the Anthony hotel Saturday night. The visitors were here on business with the foundry people Saturday and left for their home city yesterday.

GETS NEW ASSIGNMENT.

Tomorrow Harry Emmerson, a machinist in the lathe gang at the Pennsylvania shops, will take up special work of a clerical character in the mechanical department, which will probably be permanent. Mr. Emmerson has just returned from Dunkirk, N. Y., where he was inspecting locomotive construction work for the company at the American Locomotive works.

DOING WELL OUT WEST.

A. Contant, a foreman at the Pennsylvania shops, received a letter this morning from Randolph Breese, who is now engaged in the oil fields of Maricopa, California. He is doing well, Mr. Breese says, and is pleased with his situation. He was assistant master mechanic of the Pennsylvania shops in this city several years.

THROWN FROM BICYCLE.

LeRoy Reese, of the Nickel Plate train dispatcher's office, made a trip to Dunfee on his bicycle yesterday and on his way home struck an obstruction in the road and was thrown from his wheel. One of his ankles was severely sprained by the fall and he will be unable to walk for two or three weeks.

OUT OF THE HOSPITAL.

William Korte, a carpenter and a member of Foreman Henry Shuster's gang at the Pennsylvania shops, who had two fingers cut off by a ripsaw two weeks ago, left St. Joseph hospital yesterday and is now at his home. He is getting along nicely and will be at work again in a week or two.

SUNDAY RATES ARE OFF.

The Nickel Plate has withdrawn the dollar Sunday rate for 100 miles rides on that line, tickets being sold yesterday for the last time. Last year the rates were kept in force until nearly Christmas. They are very popular and are supposed to have been very profitable also.

RELATIVE DEAD IN CHICAGO.

A telegram from Chicago this morning brought to Machinist Charles Muellenbruch, of the Pennsylvania, and his wife news of the death of her aunt in that city. Mr. and Mrs. Muellenbruch went to Chicago this morning to attend the funeral.

BACK IN THE SHOPS.

Dennis O'Conners, who has been unable to work on account of a lame leg since August 15, resumed his duties in the Pennsylvania machine shop this morning. He is still lame, but greatly improved.

MORE NAMES ON PAY ROLLS.

A number of new employes were added to the shop rolls of the Wabash this morning. Among them were William Francis, Arthur Young, Walter Haskell, James Cass, George Petre and Joseph DeJohns.

WRECK CREW CALLED OUT.

The Pennsylvania wreck crew was called to Upper Sandusky at 2 o'clock this morning to pick up some broken down cars in a freight train. No one was injured in the accident.

INDUSTRIAL NOTES.

William Peek, a clerk in the Bass foundry office, is sick and off duty.

H. M. Sutton, a smithy's helper at the Pennsylvania shops, resigned this morning to take other employment.

Machinist Charles Kloepper, of the Wabash shops, is at Woodburn hunting rabbits.

John T. Leach, who has been sick for two weeks, will resume the duties of foreman at the Pennsylvania erecting shop tomorrow morning.

A. L. Hadley, chief of the engineering department of the Fort Wayne Electric works, has returned from a business trip to Madison, Wis.

The latter part of the present week Machinist H. Thieke, of the Pennsylvania shops, accompanied by his wife and two daughters, will go to Chicago to spend a week with relatives.

The latter part of the week C. F. Dinklager, a messenger at the Pennsylvania shops, will go to Lima, Ohio, to spend a few days with relatives and friends.

Charles Cartwright, the broom manufacturer, is moving into his new home, at the corner of East Washington and Francis street, just completed.

J. P. Ryan took employment at the Pennsylvania machine shop this morning. The young man is a son of Blacksmith Andy Ryan, of the Pennsylvania.

Foreman G. A. Szink, of the Penn-

A. J. Sewing, chief clerk of the purchasing and supplies department of the Wabash, was in the city today to confer with the shop officials concerning matters of interest to the department.

Brakeman P. T. Robertson, of the Pennsylvania, who fell from a car Saturday morning and cut a hole in his scalp, will soon be at work again. He left the hospital as soon as his wound was dressed and went home, 1120 Summit street.

The Nickel Plate is making all of its new cattle guards on the line west of Fort Wayne wide enough for two tracks, indicating that the company has in contemplation the double tracking of that portion of the line in the near future.

sylvania 'smith shop, has returned from Pittsburg, where he spent Sunday with his daughter, Mrs. Clarence Hillberry.

Frank Zollars, a foreman in the Pennsylvania machine shop, resumed that duty this morning. He returned yesterday from a ten days' pleasure trip in the east.

While a dredge passed up Willow Creek, near Huntertown, yesterday the G. R. & I. railroad was blocked and one of the passenger trains, No. 7, leaving this city at 8:50 in the morning, was sent around by way of Columbia City, over the Pennsylvania and the Vandalia lines to LaOtto.

The bowling game at the Metropolitan alleys between the Bass and the Bowser teams will be the second time these teams have met in the league contests. Three games were played last week and the Bass boys won two and the Bowser boys one. There will be three games tonight also.

A young engineer was born Saturday, the parents being Engineer and Mrs. Ira G. Burger, of 1609 East Wayne street. The little fellow weighs eight pounds and looks just like his papa. Mr. Burger will report for duty on the Pennsylvania today, after an absence of a day or two on account of the little one.

L. V. Casso, an employe at the Pennsylvania shops, who has been in St. Joseph's hospital for the past three weeks with a fractured ankle, has recovered and has left the hospital.

Why Discriminate In Buying Crackers?

Why not order "crackers" without naming the kind?

There is a mighty good reason for discriminating.

Because there are crackers that are better than others.

END-OF-SEASON FISH STORY.

With Borrowed Minnow Fourteen Pound Pickerel is Landed.

When it comes to fishing George Knockenberger, of Fort Wayne, is accredited with the original fisherman's luck by his friends, who are repeating the story of a catch he made a few days ago on the St. Joe river, a little above Germania park. According to the story Mr. Knockenberger went out for a drive Sunday, and thinking that he might want to fish for a few minutes, he put his pole in the buggy, but neglected to take any bait along. He came across a man sitting on the bank of the river, who was just pulling in his line to stop fishing. He told Mr. Knockenberger that he had one minnow left—and that he could have it. Mr. Knockenberger accepted the offer, the stranger departed, and he cast in his line and a few minutes later landed a thirteen and a half pound pickerel.

SAMPLE TURNED HIM DOWN

Pitcher Harry Fanwell, the Virginia Valley league recruit, who made good with the Cleveland Naps this summer, had a hard time breaking in the game last spring, two O.-P. league managers turning him down before he caught on.

Fanwell first hit Guy Sample for a job. Guy was then managing East Liverpool, but he couldn't see Fanwell. Then on Phil Hinton's advice Fanwell hit Eustace at Youngstown for a job and Eustace said "Nay."

Failing to catch on higher Fanwell sadly turned toward the Virginia league and landed a position there. It wasn't long before he was attracting the attention of all the scouts in the country.

Wanted by Varnell as Manager

HERMAN "GERMANY" SCHAEFER.

PITCHER JAMES HAD BEEN TAKEN BY THE NAPS

Will Not Report to the Fort Wayne Club in the Spring.

Pitcher Will James will not report to the Fort Wayne club in the spring unless Cleveland decides to send him back to the minors for another year of polishing before starting him in fast company.

A short time after the bulletin had been issued by Secretary J. H. Farrell, of the minor league association, declaring that the hurler had been awarded to Fort Wayne he discovered he had made a mistake and he immediately wired Owner Claude H. Varnell that he would not get the man and sent back his check.

The local owner never saw James work, but he had heard him highly recommended by players who had followed him up with the Hannibal, Mo., team and he took a chance on drafting him.

In Onslow, the man bought from the Detroit club, Mr. Varnell believes he has a first-class catcher, something the Fort Wayne club has not had in many moons. The new man will weigh about 190 pounds and can throw to bases and does not seem afraid to try his arm out. The Fort Wayne magnate saw his new man work in a game against the barnstormers of the Pittsburg club and was so impressed with his work that he put down a nice little bit of coin for his contract and is fully convinced that he has a bargain. He lives a short distance from Wheeling.

About ten letters a day is the average Mr. Varnell has been answering in his efforts to secure a manager. Jimmy Burke wrote him not long ago that every able bodied ball player in St. Louis is after the job and there must be a few outside of that city looking for the berth, which is considered the best in the Central league.

The announcement some time ago that he had offered the job to an infielder now in the majors was followed by his failure to land Herman Schaefer, formerly of the Detroit team, and now with Washington. His playing days are not over as is evidenced by the fact that several major league teams refused to waive claim on his services and the Senators will retain him unless he can persuade the refusing clubs to give him a chance to land a managerial berth.

Mr. Varnell says he has never had a word from Charlie Babb and that he never wrote him on the subject of managing the Fort Wayne club and is at a loss to know just how such a report got out. He does not want Babb, nor did it ever occur to him to try to land him. While there is not much hope of landing Schaefer such a thing is possible, but if he cannot prevail upon the magnates to give him a chance Mr. Varnell will endeavor to land a good man at the Chicago meeting of the national association next month. At this meeting he will also be able to fill some of the holes in his club.

Ex-Mayor Charles A. Bookwalter, of Indianapolis, was in the city Sunday night enroute to Chicago.

DAYTON OWNERS ARE READY TO OPEN SEASON

Plenty of Material on Hand to Put a Club in the Field.

Dayton, O., Oct. 31.—Contrary to the general custom in vogue in minor leagues the lineup of the Dayton team for the season of 1911 is practically known at this time and there will be nothing doing from now on outside of lining up a couple of pitchers for the next campaign.

Rohrer and Konnick will probably deliver the goods behind the bat, although O'Brien and Sample are still under reserve to the Dayton team. Both of the new receivers are experienced and almost certain to make good.

Harriot on first is said to be a coming star, and the same kind of dope is being handed out regarding Benson at second. Dobard at short made a hit with the fans this fall, while at third Steve Ragon is a known quantity. Cavanaugh, secured from Quincy is also in line and may give any one of the infielders a hard run for a regular berth.

In the outfield it looks like DeHaven, Knoll, Spencer and Grogan, although the Dayton club has Burns, Carter, Dell and Anderson to call on. It is hardly likely however, that any of the new men will be used as the Vet garden was just about good enough for any fan at the close of the past season.

But there will be some new faces in the pitching department. While no announcements have been made it is being taken for granted that several of last season's flingers will not be back and in fact Asher seems to be the only one assured of his job. Fromhoitz and Winchell are expected to show fine form and with the addition of two more good men, one of whom will likely be a southpaw, the work of building the Vets of 1911 will practically be completed.

BOXING FRIDAY NIGHT.

Saengerbund hall will again be the scene of athletic sports when on Friday, Nov. 4, a bill of boxing contests will be put on.

The feature of the evening will be a ten round bout between Milt Kinney and Frank Coakley. These men presented a most interesting bout the forepart of the month and this match is due to the Fort Wayne man's desire for another chance against Kinney.

The same management will be in charge that conducted the recent contests and clean sport is assured.

Sporting News in Tablets

Eddie Wheeler announced at South Bend that he has transferred Pitchers Smith, Martin and Lindsay, Catcher Holmes, Infielders Koehler and Schmick and Outfielder Kroy to Grand Rapids. This leaves South Bend with thirty bats, fifteen bat bags and a park lease to start the season of 1911.

Detroit fans seem to be greatly consoled over the perusal of the records showing that Pitcher Donovan was more effective against the Chicago Cubs in both the world's championship series lost by the Tigers to Chicago than either Coombs or Bender were in the recent world's championship series.

If you are looking for the best base running team in the major leagues, just have a peep at the Cincinnati Reds. They are entitled to any medals that are to be awarded. Five of the Redlegs, Bescher, Lobert, Paskert, Egan and Mitchell, stole 240 bases during the National league season, an average of just forty-eight bases to the men. Neither Lobert nor Bescher played the full season.

"Dolly" Stark, of the Brooklyn club, has engaged in the clothing business in Dayton, where he is spending the winter.

Eddie Collins and Harry Davis, Athletics, will send out journalistic copy this winter. Davis intends to spend a few weeks getting over the strain and excitement of the post-season, by taking a hunting and fishing trip. Collins is to marry soon, and will settle down to pounding the typewriter after the honeymoon.

Jimmy Barrett has secured his release from Milwaukee and wants to break in as a manager or owner of a minor league baseball team.

Christy Mathewson, prominent checker exponent as well as leading heaver of the New York Giants, is being named as a probable candidate for the presidency of the New York Checker club.

Bender says that Pitcher Lang, of the Chicago White Sox, is the Athletics' hoodoo. He predicts a great future for the White Sox recruit.

Bill Clark, former champion fighter of England, has reported to the police in St. Louis that his wife has left with $18,000 which he deposited in a bank in her name.

There is little possibility that the Peerless Leader of the Cubs, Frank Chance, will retire from baseball very soon, as he has a contract with Murphy that does not expire until 1914.

Barney Dreyfus' betting syndicate cleaned up $100,000 on the world's series.

Hugh McIntosh's United States agent has offered Al Kaufman $15,000 for five English bouts.

Catcher Billy Sullivan, of the Chicago White Sox declares that age has slowed up the Chicago Cubs.

THE NEW FOOTBALL RULES.

Question of Their Having Come to Stay Will Soon Be Answered.

Boston, Mass., Oct. 31.—The question whether the new football rules has come to stay is within three weeks of being answered with the championship season all but reached. Next Saturday's contests will be the last before the final struggles and the rules committee is already sizing up the situation to see whether the present game is a fixture, or needs more tinkering, either back toward the original or forward to still more open play. The cry, principally from old players, against the latest modification of the most popular of modern college sports has subsided to a whisper, and with the injured list held down by from twenty-five to forty per cent, leaders in the sport seem agreed that the rules committee will make only minor modifications next winter.

The Jeanie Fletcher Concert Co., the Scottish Prima Donna, at Third Presbyterian church, evening Nov. 1st. An excellent program. Admission, 35 cents.

Articles of incorporation were filed Saturday in Indianapolis by a new company under the name of the Fort Wayne Home Builders Co., which will locate in Fort Wayne with offices in the People's Trust building. The company is the outgrowth of a company organized on a small scale a year ago. There are forty stockholders and the capital stock is listed at $10,000, which has mostly been paid in. Mr. Benick will act as manager of the company.

The Hoover

Beats, Sweeps and Dusts

HOOVER ELECTRIC SUCTION SWEEPER

THE HOOVER does not depend upon a small slot and lot of rubbing back and forth, to pick up the dirt. Its suction opening covers an area of 37½ square inches, and the suction is effective for several inches on every side of this. No pressure is necessary; the machine takes care of that.

With the Hoover, you do not press down on your floor-coverings, and so crush and break the pile. On the contrary, the pile is gently loosened and straightened. That means longer life for carpets and rugs.

You can leave the Hoover to run in one spot indefinitely, without fear of the slightest damage to your floor coverings.

There are no complicated parts to break down.

There is no possibility of clogging.

There is nothing dirty that the Hoover won't clean.

And the price is within easy reach.

JUDGE HELPS BREAK UP DISORDER ON STREETS

Three Fines Assessed in Saturday Night Cases —The Docket.

True to his promise of a week ago, Judge Frank Mungovan extended a little more timely aid to the police in their efforts to break up Saturday night rowdyism on the streets when he fined Eldon Dumbauld $10 and costs and a fellow named Layman, who registered as John Black, and a companion who gave the name of Ralph Royce $1 and costs each in the city court today.

Patrolman Mike Brennan said he stood in a doorway and watched Eldon step out and speak to a dozen or more girls before he arrested him and sent him in for loitering. The prisoner tried to tell the judge that he knew all of the young women he spoke to, but the judge would not have it that way. He told him he is one of the young mashers that ought to be taught a lesson and he paid $15 for his experience.

The other pair took a few drinks and went to a dance and then came out locked arms and tried to push their way through the crowds. They let out a couple of yells and Brennan nailed them. They were charged with public intoxication.

The Other Cases.

A queer transaction was developed in the arrest and fining of Joseph Rogers, a laborer, who has been working for George Jaap under the name of Billy Green. He was fined $5 and costs and given ten days in jail for stealing two pairs of gloves from Wallace Reed. When he was searched a check for $45 was found to which the name of Mr. Jaap had been forged. He said Reed wrote the check and gave it to him and Reed denied it.

Tom O'Leary, charged with the theft of a razor from Leroy Rinehold, was granted a continuance until tomorrow.

Jeff Myers was fined $25 and Andrew Esky $1 and costs for drunkenness and William Norris, Charles Schneider, James O'Reilly, Charles Meyers, John Walsh and Otto Bobe were let go.

RHEUMATISM

WEAK KIDNEYS & THIN BLOOD

Not only is the blood the great nourishing source of our systems, but equally as important is its work of removing the waste of oxodized tissues which have been consumed in force and bodily heat. This waste is filtered out through the kidneys. When, however, the kidneys become weak and unable to perform their regular duties, the waste is allowed to remain in the circulation, soon forming uric acid which destroys the greater portion of nourishing elements of the blood and leave it weak and acrid. This imperfect blood deposits into the different muscles and joints the uratic impurity with which it is contaminated. Then the pains and aches of Rheumatism commence. The gritty formation which uric acid causes collects in the joints and produces the aches and stiffness which always accompany the disease. Likewise the muscles are coated and lose their elasticity, while the continual irritation to the nerves produces swelling and inflammation of the flesh.

S. S. S. cures Rheumatism in the only way it is possible to overcome the disease; it cleanses the blood of all uric acid poison and strengthens the kidneys so they are enabled to properly filter out the waste. S. S. S. is not only the best of blood purifiers, but a fine tonic. Book on Rheumatism free to all who write.

AMERICAN BIRD-MAN KEEPS HONORS ON THIS SIDE

Moisant Wins Prize for a Flight Around Statue of Liberty.

New York, Oct. 31.—Belmont park rocked and roared yesterday with an outburst of wild, uncontrolled enthusiasm when John B. Moisant, American, won the Statue of Liberty flight after it had passed hopelessly to all appearances to Claude Grahame-White. Count de Lesseps, of France, was third. The victory carried with it the $10,000 prize offered by Thomas F. Ryan.

At the last hour, with every chance of an American apparently gone, Moisant climbed into a machine he had not even entered before, bought for him by his brother from Mons. Alfred Le Blanc, and dashing off past the first pylon, shot away on a trip that was to end in a demonstration that has never been equaled anywhere in aviation or in any kindred sport.

Beats Grahame-White.

Moisant beat Grahame-White by a bare forty-three seconds, after covering a distance of seventeen miles across Queens county, Brooklyn, and the harbor of New York, and back to Belmont park.

Earlier in the afternoon Grahame-White had made the thirty-four miles in his 100-horse power Blériot, winning easily over Count Jacques de Lesseps in his fifty-horse power Blériot. The superiority of the 100-horse power motor over the fifty-horse power engine had dashed the hopes of all Americans, and had apparently given the victory to Grahame-White beyond chance of loss. There was only one other 100-horse power motor on the field, that belonging to Hubert Latham, and this had been shown to be hopelessly slow in the huge, boat-bodied Antoinette. The 110-horse power motor in the biplane of Charles K. Hamilton was still in the hospital, with no chance of recovery within weeks.

Grahame-White Cheered.

The great crowd greeted Grahame-White with the generous sportsman-like spirit which marks the American. He was cheered and applauded. The band played "God Save the King" and the officials gave him cordial greeting in the grandstand. It was all over to all appearances.

Count de Lesseps had started at 3:05:48. Grahame-White had started after him at 3:08:47:60 and over the finish line at 3:44:089. Count de Lesseps followed him in little more than half a minute at 3:44:432. The elapse time of Graham-White was 35 minutes 21 3-10 seconds, while that of Count Lesseps was 41 minutes 56¼ seconds.

Count de Lesseps had taken the direct line across Brooklyn. Grahame-White had flown over Coney Island. The greater power of his motor had given him the victory over Count de Lesseps, although he had flown the greater distance. So far the contest was over. The hundred-horse power motor was king.

Then came the grand, crashing climax. There has never been anything in any fashion like it.

It is in time of sudden mishap or accident that Chamberlain's Liniment can be relied upon to take the place of the family doctor, who cannot always be found at the moment. Mr. and Mrs. M. L. Norton spent Sunday at their cottage in Rome City, preparing to close it for the winter.

"The Girl that Disappears"

By General Theodore A. Bingham

The Real Facts About WHITE SLAVERY

"Five years is the average life of 'The Girl who Disappears' into the underworld of New York. There are 30,000 persons engaged in the business of vice in this one city, and they die so rapidly that it is necessary to import 2,000 girls a year from Europe, besides the girls of the United States caught in the net."

General Theodore A. Bingham, former Commissioner of Police for Greater New York, is authority for these statements in a tremendously important article in the November Hampton's Magazine. General Bingham draws the curtain from the Tenderloin and shows his reasons—the life there as it is revealed to the policeman.

A complete, frank discussion of the entire social problem, offered in the only spirit General Bingham thinks sufficient to justify such a discussion—the effort to find a remedy. General Bingham invites criticism of his frankness in order to offer the only cure he considers effective.

The Tottering Political Machines

Another masterful, lucid, political article by Judson C. Welliver—the best political writer in the country today—giving a marvellously accurate picture of the national situation, both Republican and Democratic.

The Passing of Pills and Powders

A most helpful, enlightening article, by Dr. Woods Hutchinson, showing that drugs and doctors are no longer inseparably associated, and that drugs are playing a rapidly diminishing part in our war on disease.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Oct. 31.—A fresh lot of stop loss orders came into action today before the downward course of wheat could be checked. Large world shipments and heavy offerings from Argentina and the Black Sea were reported, and the bears were decidedly in the aggressive. Commission houses, almost without exception, took the selling side, but on the resulting decline there was enough profit taking by shorts to rally the market a little. Prices opened ⅜@½c to ⅝@¾c down. December started at 90c to 90⅜c and reacted to 90½c.

Fine weather gave corn an easy tone at the beginning, but good demand soon caused a display of renewed strength. The opening was ½c to ½@⅝c off. December in the first sales touched 45¾c to 46⅜c, a loss of ⅝c to ¼c, and then advanced to 46¾c.

Oats were relatively steadier than either corn or wheat, though the trade was not large. December started ¼c to ⅜c lower at 30⅝c to 30¾c, but rallied to 31@31⅛c.

Free selling of October lard by a local packer took no sign of any strain out of the provision market. Opening prices were unchanged to 10c down with January at $16.50 for pork, $10.05 for lard, and $9.02½ for ribs.

Throat and Bronchial Troubles

The old-time methods of treating throat and bronchial troubles by sprays and swabs have given way to better methods by the up-to-date physician. Respiratory diseases yield more readily to oxyoline and electrical treatments than to medicines or a change of climate. In the treatment of chronic coughs, catarrh and sore throats, better results can be secured by this method than in any other way.

Oxyoline is a wonderful new electrical product for inhalation, superior to ozone. One treatment will accomplish more than a week's outdoor life in the most ideal climate. Those who have been unable to secure satisfactory results from ordinary treatment are invited to investigate the merits of this treatment.
